

**“Library information skills – level 1”** is a training that consists of library training and training basics of normalization. Library training is both: physical lecture and a class as an eLearning course. Lectures will be organised in Winter Semester by Gdańsk Tech’s library branches for given faculties. Organisation issues, due to COVID-19 pandemics, will be established up to date. Normalisation basics training will be conducted as an on-line course. Link to training: <https://enauczanie.pg.edu.pl/moodle/course/view.php?id=2292>

The purpose of **“Library information skills”**, that consists of lecture (physical lecture) and an on-line course, is preparation of 1<sup>st</sup> year students of English course to actively use Gdańsk Tech’s library. Condition to pass the training and receive a grade is participation in a lecture and passing a test online. Link to training: <https://enauczanie.pg.edu.pl/moodle/enrol/index.php?id=5001>

On educational platform eNauczanie (<https://enauczanie.pg.edu.pl/>) lectures and tests will be shared. Students are obligated to pass all the exams by end of winter semester of academic year 2021/2022. All necessary information about organisation issues will be posted in October 2021 on Library’s website in “Library Users” bookmark.
